

NONTAXABLE REAL ESTATE IN DISTRICT OF COLUMBIA.

SCHEDULE OF NONTAXABLE REAL ESTATE IN THE DISTRICT
OF COLUMBIA, COMPILED FROM THE RECORDS IN THE OFFICE
OF THE ASSESSOR OF THE DISTRICT OF COLUMBIA.

MARCH 4, 1904.—Referred to the Committee on the District of Columbia and ordered
to be printed.

OFFICE OF THE ASSESSOR, DISTRICT OF COLUMBIA,
Washington, March 2, 1904.

United States property, as set out in detail in the report submitted of exempt property in the District of Columbia, including streets and reservations, is assessed at the same ratio as adjacent taxable property.

The schedule of property owned by the United States bears no reference to any arrangement whereby the United States pays one-half of the expenses of the District of Columbia, and in the preparation of this schedule the matter of the liability of the United States was not considered.

The act of June 11, 1878, Public No. 180, entitled "An act providing a permanent form of government for the District of Columbia," section 2, provides as follows:

To the extent to which Congress shall approve of said estimates, Congress shall appropriate the amount of fifty per centum thereof, and the remaining fifty per centum of such approved estimates shall be levied and assessed upon the taxable property and privileges in said District other than the property of the United States and the District of Columbia.

The United States pays one-half of the expenses of the District of Columbia in lieu of taxation on its property.

[SEAL.]

Assessor, District of Columbia.

OFFICE OF ENGINEER COMMISSIONER, D. C.,
 SURVEYOR'S OFFICE,
 Washington, January 4, 1904.

DEAR SIR: In response to your letter of December 18 last as to areas of squares 854 and 884, I would say that square 854 has no status on the record books of this office, and I would suggest that application be made to Col. T. W. Symons, Corps of Engineers, U. S. Army, in charge of Public Buildings and Grounds, for data as to square 854, which he may possibly have. As to 884, there is only one dimension on the records here, but by scale the area is 33,500 square feet. Square 884 is, in any event, now included within the navy-yard.

Very respectfully,

Mr. H. H. DARNEILLE,
 Assessor, District of Columbia.

H. B. LOOKER,
 Surveyor, District of Columbia.
